

## WILL RENEW EFFORTS TO OBTAIN THE EX-KAISER

Allies May Ask Germany To Produce Former Hun Emperor to Comply With Peace Terms.

BILL "NOT SURPRISED"

One Premier Opposed to Allowing Ex-Kaiser Back In Germany.

(By Associated Press.)

Paris, January 24.—Conferences between premiers of Great Britain, France and Italy will be held before the next move in the proceedings to extradite former Emperor William from Holland is decided upon, according to information given the Associated Press by the French Foreign Office.

Whether the next demand for surrender will be directed to The Hague or Berlin will be the main subject to be determined.

The next meeting will be held in London; but as no date has been fixed and the matter cannot be left pending a long time, the Foreign Office expressed the opinion that the question might be settled through diplomatic channels between Rome, Paris and London.

It is understood that at least one premier is not averse to asking Berlin to call for the return of the former emperor to Germany and then demanding that Germany deliver him over to the Allies in accordance with the provisions of the peace treaty.

Sentiment in official circles here is against such procedure, as there is no desire that the former emperor return to Germany. It is doubtful whether Germany would acquiesce and make representations to Holland, and it is also problematic whether she would deliver up the erstwhile sovereign in the event she should obtain possession of him.

It is also feared that the presence of the former emperor in Germany would solidify the Monarchist Party, which is reported to be gaining strength daily.

## OLD BILL SAYS 'NOT SURPRISED'

## DECLARES HOOVER IS BRITISHER

Senator Reed Launches New Charge—This Time it is Against Hoover.

CALLS HIM "GO-BETWEEN."

Challenges Members of Senate To Investigate if Necessary

(By Associated Press.)

Washington, January 24.—Charging that Herbert C. Hoover was one of the "go-betweens" between Colonel House and members high in the British government during the negotiations preceding the entry of the United States into the war, Senator Reed, democrat of Missouri, launched a vigorous attack today in the Senate against what he characterized as Mr. Hoover's "promoted boom for president."

Senator Reed said Mr. Hoover was so close to the British government that he constituted a convenient connecting link and he challenged any member of the Senate who doubted his statement to introduce a resolution of investigation.

Washington, January 24.—Declaring Mr. Hoover "served a tutelage all of his adult life" in the British services Senator Reed said Hoover never cast a vote in the United States unless he has voted since this war to qualify himself.

"When he was asked as to what party he belonged, he said he thought he was a 'liberal,'" said Senator Reed. "Apparently he has not been in the United States enough to know the names of the political parties in this country and has to designate himself as a liberal—a British political organization."

"I think Mr. Hoover's nomination would put the finishing touch to the League of Nations and that the League would surrender the sovereignty of the world to the British Empire," the senator said.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Handsome cards have been received by Washington Court House relatives of Mr. Albert Reid Vandever, son of Mr. and Mrs. Charles Vandever, formerly of this city, now of Minneapolis, Minn., announcing his marriage to Miss Helen Towle, in Seattle, Washington.

The bride-groom is a cousin of Hon. C. A. Reid and has a large family connection in this community. The following account of the wedding as carried in the society columns of "The Post-Intelligencer" of Seattle, will be read with interest:

The interior of the home of Mr. and Mrs. Rufus King, Jr., on Broadway north, a beautiful setting in itself, but framed with lovely chrysanthemums and luxuriant greens as it was on Saturday evening for the marriage of Miss Helen Towle and Mr. Albert Reid Vandever, completely and most exquisitely demonstrated to the guests assembled to what heights of beauty modern floral art has climbed. By a masterful arrangement of the season's flowers, the wonderful native foliage, palms and altar decorations, the living room of the home was transformed into a veritable garden chapel.

The wedding strains of an orchestra came to the guests arriving in the reception hall arrayed in state, but framed with lovely chrysanthemums and luxuriant greens as it was on Saturday evening for the marriage of Miss Helen Towle and Mr. Albert Reid Vandever, completely and most exquisitely demonstrated to the guests assembled to what heights of beauty modern floral art has climbed. By a masterful arrangement of the season's flowers, the wonderful native foliage, palms and altar decorations, the living room of the home was transformed into a veritable garden chapel.

Following the ceremony, read at 8 o'clock, the guests were entertained at dinner, for which another room was made beautiful in skillful development of pastel colorings. Above the large round table, from the bronze electrolier with its light melowed by shades of golden tints, streamers of pink and blue tulle were gracefully draped to the silver candelabrum topped with pink tapers. The center ornament was an oval basket laden with Russell roses, maidenhair fern and harmonizing carnations, the basket handle wound with pink ribbon, which ended in two dashing bows at either end. An enticing wedding cake aided the glittering glass and silver appointments scattered among which were the lovely fragrant freezias, completed the bridal array of this festive board of seventeen covers.

USES AN UMBRELLA  
IN COURT HOUSE

Sheriff N. B. Hall, returning to his office after being absent a few moments Friday afternoon was dumbfounded to find a local man who had dropped in on business was sitting quietly in a chair with an umbrella over him, while water, pouring through the ceiling, as it had often done before, was beating a tattoo upon the umbrella.

The leak in the sheriff's office has been causing annoyance for several years, and the plastering has been badly damaged as a result.

DRAY HORSE SCARES  
BREAKS FROM WAGON

Herbert Shoop, drayman, was driving along Court street Saturday morning in front of the Payette Hospital when a chain struck his horse on the rear legs. The horse reared and jumped while the wagon, which contained the iron cover for a casket, was thrashed around on the ice. After three or four frantic leaps the harness gave way and the frightened animal, freed of the wagon, started on a run up Court street, and was never headed until he reached home on Highland avenue.

The driver escaped injury. The horse fell a number of times in its wild dash toward home.

NO REPRESENTATION  
FOR CHILLICOTHE

Chillicothe will not be represented in the proposed Ohio State base ball league. Danny Friend of Chillicothe, to whom the matter was referred because of business interest turned the proposition of entering the league over to the Mead Pulp and Paper Company and head of the baseball team of that organization have stated that there will be four Mead teams, which will play on Saturday and Sunday afternoons. If a team is entered in the league the others would be neglected, officials of the company said.

Chillicothe will not be represented at the meeting in the interests of the league here Sunday.

BAD ROADS CAUSE  
SCHOOL TO CLOSE

Bad roads were the cause of the Marion Township centralized school being closed all day Friday. It was hardly possible for the school wagons to make their trips Thursday and it was decided Thursday evening to close the school for the remainder of the week.

Superintendent O. S. Nelson reports that as far as he has been able to learn the Marion Township school was the only rural school closed during the week because of the weather.

Attendance at all the rural and village schools of the county has been cut down since the ice has made its appearance over the county.

TWO ACCIDENTS  
CAUSED BY ICE

Mrs. Ruth Sellman employed at the Dr. A. M. Bush dental offices, fell at noon Saturday on the icy pavement on Court street, and cut a gash over her right eye. A stitch was taken to close the wound.

Little Roy Browne the son of Mr. and Mrs. Charles Browne recently received a large gash in the top of the head when he coasted into a wagon that was passing in front of the library on South North street.

DR. RAMSEY'S WIDOW  
DIES IN WINCHESTER

Mr. R. S. Ramsey has received word of the death of Mrs. Lida Ramsey, widow of the late Dr. W. W. Ramsey, which occurred Thursday morning at the home of a niece, Mrs. Maggie Long in Winchester.

The body will be brought here for burial by the side of her husband in the family lot in the Washington cemetery.

The burial arrangements have not yet been made.

FUNERAL SERVICES  
MRS. GEORGE M'GREW

Funeral services of Mrs. George M'Grew of Jeffersonville, who died Thursday as a result of injuries sustained when she fell on the ice have been postponed until the first of the week the exact date not having been determined.

Some husbands are mean enough to keep back a dozen mothers-in-law busy.

She is one of the youngest leading women in the country.

CHIROPRACTIC HELPS NATURE  
TO KEEP YOU WELL

It is a man's right to be well and happy. This fact is being brought home forcibly to thousands of sufferers who, because they have gone back to nature, are today enjoying life.

The long, weary road to health did have a turning for them. Through the years of suffering and disappointments, these sufferers at last came to the realization that nature, after all, is the one true healer.

Thousands look up to Chiropractic as Nature's health agent.

By simple adjustments, the chiropractor places you in harmony with Nature. The chiropractor goes right to the source of the trouble—pressure of bone on the nerve center—and adjusts the cause of disorder. With the cause removed, Nature, unhindered, builds up and restores the diseased parts to perfect health.

No drugs and no surgery are needed. Chiropractic adjustments lend a helping hand to Nature.

If you have not obtained relief heretofore, why not see what Nature can do? Learn how Chiropractic can put you in line with the healing forces of Nature.

## HARTMAN THEATER

(Columbus, Ohio)

At the Hartman Theatre, Columbus Ohio, Monday night, January 26, that delightful artist, Mrs. Fiske, will open a three-day engagement in the Buckeye capital city in her new comedy, "Mis' Nellie of N'Orleans" acclaimed as the triumph of her long career of artistic triumphs and successes. Presented by Cohan & Harris. "Mis' Nellie of N'Orleans" has a story, the locale of which, as is obvious, is that cosmopolitan city of wonders, New Orleans. Mis' Nellie is a bell of the glad some 80's and she is furthermore, the maiden aunt of Dalphine Falaise, who is in love with Felix Durand, son of the fair Nellie's former fiancé. At the opening of the play Nellie returns from Paris determined to break off the engagement, but conditions arise which cause her to change her strategic plans. The complications which arise give Mrs. Fiske splendid opportunity for her genius and the denouement finds order restored out of the "moonshine, madness and make-believe" of Mardi Gras restored out of love dreams of outh. The color of Creole life and a glimpse of negro characters make a vivid background for the gay comedy. A splendid cast is in support, including Hamilton Revelle, George Reba-vent, Gertrude Chase and others.

On Thursday and the remainder of the week the Hartman Theatre offers May Irvin in her extremely fun-

ny farce comedy vehicle "On the Hiring Line" from the joint pen of Harvey O'Higgins and Harriet Ford. It's the one great, big, hearty laughter-and-fun-maker in years. "It is light comedy of the most winning sort," said the New York Tribune of it, and other New York newspapers were equally enthusiastic about it. Mrs. Irvin is supported by an ideal cast, provided by George C. Tyler, including some of the brightest light comedy stars of the metropolis.

Mail orders are now being received for the coming engagement at the Hartman theatre of Fred Stone, the brilliant comedian and his splendid company in his tremendous hit "Jack O' Lantern," which comes to the Hartman the week following the engagements of Mrs. Fiske and Miss Irvin. The engagement is for the entire week.

Judicious diet and exercise will frequently improve a man's opinions of his neighbors.

## ICE CONTINUES UNUSUALLY BAD

With the great coating of ice still covering the earth, business Saturday was badly demoralized and comparatively few persons attempted to negotiate the almost impassable highways of the county, although a surprisingly large number of machines were on the streets, considering their dangerous condition.

The unusual sight of workmen going to and from their work by means of skates has been noted the past two days and the skates can be used every foot of the way from home to place of employment. In fact boys have traveled for miles on the country roads by no other means than a pair of skates.

So far no serious damage has resulted to trees, although their burden of ice has been exceptionally heavy. Telephones have suffered materially.

The ice showed signs of thawing, late Friday evening, but colder temperature during the night left the earth a glare of ice Saturday morning and there was little or no thawing throughout the day.

## LICENSE REFUSED YOUTHFUL PAIR

Because the willing-to-be groom was considerably under 18 years, and the equally willing bride-to-be also was of tender years, a license was refused the pair when they applied for the permit at the Probate judge's office.

Upon being informed that the parent's consent availed naught when the groom-to-be was under eighteen, the pair expressed their keen disappointment, and returned home to wait until the groom had attained a few more months of age to put him over the 18 age limit.

## GAMES NOT PLAYED WILL ROLL MONDAY

All games at the Y. M. C. A. bowling alleys were cancelled Friday night for various causes. The Triangle basketball squad was not able to roll because of their hard game with Ashville on Wednesday evening and O'Neal of the Washington Lumber Co. is on the list and an easy compromise was made between the two teams. The game between the Sunlight Creameries and the Coffman Manufacturing Company was also postponed.

Arrangements have been made to play off the two games on Monday evening.

## SOON TO ORGANIZE NEW HEALTH BOARD

Within the next week or ten days the new health board will probably be formally re-organized in Fayette county, with a board having charge of all health conditions outside of this city, and a separate board for the city.

Definite announcement regarding plans has not been made up to the present time, however. Amendment of the Hughes Health code changed plans for one board in this city and county.

Up to the present time 17 out of the 88 counties in Ohio have filed budgets with the State Department of health.

## BIG FOX DRIVE NETS 20 FOXES

Circleville, January 23.—The greatest fox drive ever held in this county was staged Thursday. Over 2000 people took part. Ten miles were covered with the center at Kinderhook, near the farm of Fred C. Rector and extended to Yellow Bud, Teck Haskins' town, and Clarksburg, Ross County, thence to Fox postoffice, Pickaway County.

In the drive 20 foxes were encircled and 17 were captured; also 50 hawks, 75 crows and one American eagle. The foxes were sold for \$20 each. The proceeds, amounting to \$500 were donated to the Methodist Brotherhood of the Mt. Pleasant Church at Kinderhook.

## RESERVE SEATS FOR BIG MATCH

Indications are that the wrestling bout Tuesday evening January 27th in which Young Sadow of Ironon, will meet Paul Bowser, of Newark will be one of the best attended matches ever held in the city. Messrs. Bell and Phillips who are promoting the match, state that the number of reservations has been large and the reservations include a number of out of town fans desirous of seeing the two headliners in a finish bout.

It is doubtful whether the fifteen minute preliminary between Moats and Johnson will be staged because of an injury to Moats who fell on the ice several days ago and broke the first finger of his left hand. However the contest between Bowser and Sadow is expected to appease the appetites of the most rabid ring fans.

## DELEGATES TO MEET TO DISCUSS LEAGUE

Further discussion of the proposed Ohio State Baseball League will be made Sunday afternoon at the Arlington Hotel when representatives of all towns wishing to enter the league will meet in this city.

## ICE DANGEROUS TO LIVE STOCK

Farmers of this county are reporting many injuries to their live stock because of the ice which has spread over the fields. In a number of instances cattle and horses have slipped and fell on the ice with disastrous results such as breaking their legs. The majority of the farmers are placing their stock in the barns and are carrying water rather than risk injury to a valuable animal.

On the Rankin Paul farm on the Lewis pike, near this city, a valuable cow fell Friday while being driven in the feed lot and broke both hind legs. Many similar accidents have occurred.

## RECOVERS SLOWLY

Mrs. A. L. Rhoades, who was injured about the head last Friday night a week ago in a fall on the ice in front of the court house, is still confined to her bed at her home on West Temple street. Mrs. Rhoades received an injury to the left side of her face and head that caused a hemorrhage and it will be sometime before she will be entirely recovered.
